

# **GENERAL STRIKE, 24 FEBRUARY DEMONSTRATION, MUSEUM (PATISSION AND MARNI), 10AM**

**IMMIGRANTS LOCAL WORKERS UNITED  
NO REDUCTION OF WAGE, NO INCREASE OF TAXES!  
LEGALISATION OF ALL IMMIGRANTS NOW  
WORK PERMIT AND RESIDENCE FOR ALL  
CITIZENSHIP FOR THE ALL CHILDREN  
FULL SOCIAL, CIVIL, TRADE-UNION RIGHTS FOR ALL**

On 24 February GSEE and ADEDY the two Trade Union that organize all workers call a General Strike. We participate as we are part of the workers movement that fights for the rights of all workers. We the immigrants we came here for a better life and we see the government attacking the rights of all workers for the profits of capitalists to escape from the crisis. On the same time it attacks particularly the immigrants since they do not give us residence and work permit. In each step we find in front of us either the Police, or the fascists and the racists. The government plans to vote a law for citizenship of the children born here but only for those who have and the two parents "legal"! They put examinations in the Greek language and history in order to give citizenship to adults! The government cuts wages, increases the tax for the poor and they still give more billions to the bankers, the industrialists, the rich. The IMF and the European Bank played role in the destruction of the economies of countries in Africa, Eastern Europe, Asia and now depict the saviors here. Enough! We the immigrants we will go to strike UNITED with all workers in the General Strike on 24 February and in the demonstration in the Museum in 10am. We will not leave us to split in local and foreigner, legal and outlaws. Workers in factories and manufactures, cleaners, vendors of streets we join all the workers and the trade unions and we go on strike as one fist. We call also the immigrant shopkeepers to shut their shops in order that all we go to the march. If you are not registered in the unions DO IT NOW! Unity is strength ! Together with local workers we demand LEGALISATION of ALL IMMIGRANTS. We want residence and work permit. End police repression and prison. We want the for ALL children citizenship and PAPERS for ALL parents. We fight united against capitalism, the exploitation and the racism!
